woodpelletstoves.ie

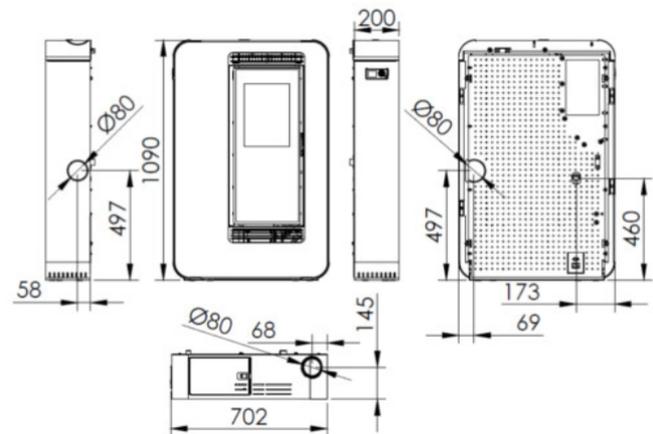

The Monaco is a well designed, compact, slimline air stove which doesn't require a separate room vent, due to being airtight. It also monitors and adjusts the pellet feed and air supply automatically, depending on local conditions and pellet quality. Wi-fi and internet control give you complete control and allows remote log-in by a technician. This stove is exceptionally compact, easy to install and extremely well-finished.

KEY FEATURES

- Airtight stove: no separate room vent required
- Self-regulating: auto-adjusts to chimney & fuel
- Wi-fi/smartphone control & remote diagnostics
- Control by room temperature or power level
- Multiple safety sensors and alarms
- Top, rear or right hand flue exit
- Vacuum air wash glass cleaning system
- Front black tempered glass
- Eco-silence mode
- Full technical aftersales & maintenance
- 5-year warranty *
- Maintenance contract available

* Subject to a maintenance contract, otherwise standard 2 year warranty applies
