113kg

\* Heatable volume will vary,  
based on fuel used and  
building's insulation and  
airtightness levels.

The Alma 11D is a stunning slim and compact stove, only 287mm (11.3 inches) deep which also offers optional ducting to the rear. It offers a superior build quality to most slim stoves, shown by its weight of 113kg. Finished in a high-quality matt steel, with a square profile and a black glass door for a modern, sophisticated look. It's Wi-Fi enabled, meaning easy connection to your mobile phone for remote access.

### KEY FEATURES
