The Horus Calore Vertigo 6 is super-compact, perfect for those smaller spaces. It's well equipped though with advanced control and safety features which other small stoves simply can't offer. It's very easy-to-use and maintain and is perfect for any sitting room. Its unique low height is a popular feature whilst it somehow provides space for a whopping 15kg of wood pellets in the hopper. It's available in red, grey & white.
