Meet the Dicla Firenze - a totally unique, dual-fuel stove, seamlessly combining wood & wood pellets for optimal versatility. Ideal for those desiring the convenience of pellets but is unwilling to fully part with a wood stove. This airtight stove prioritises safety & eliminates excessive ventilation needs. Crafted with heavy steel, it's built to endure. Experience serene heat delivery through natural convection in either wood or pellet mode

KEY FEATURES

- Unique dual fuel design for best of both worlds
- Airtight stove - no separate room vent required
- Natural convection for near-complete silence
- Control by room temperature or power level~
- Multiple safety sensors and alarms~
- Rear or top flue outlet
- PC connection for advanced diagnostics~
- Ambient fan for heat circulation (optional)~
- Heavy steel and components for long life
- Full technical aftersales & maintenance
- 7-year warranty *
- Maintenance contract available

* Subject to a maintenance contract, otherwise standard 2 year warranty applies
