* Heatable volume will vary, based on fuel used and building's insulation and airtightness levels.

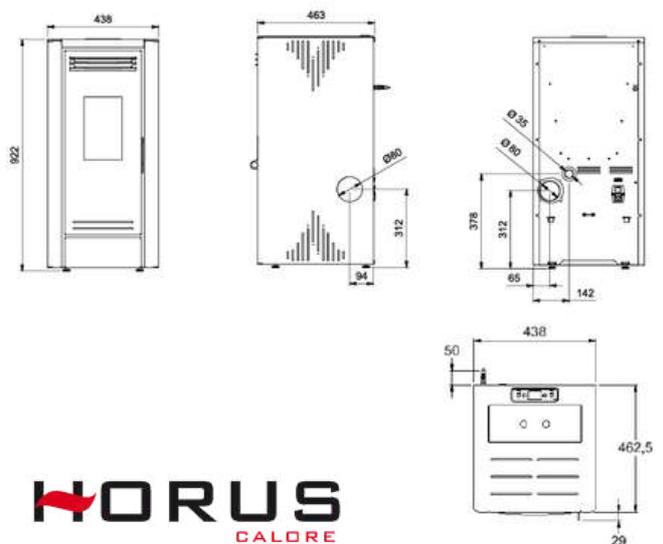

The Horus Calore Modus 6.5 is a compact air stove, perfect for those smaller spaces. With a wider vision of the flame and a simple design, the Modus 6.5 works well in most small to average-sized rooms. The Modus 6.5 is well equipped with advanced technology, control and safety features and the advanced, 6-button, LCD display ensures that it's very easy to use, with time, power and temperature control.
