The Eco Mini Insert 8 is a small, neat insert with a traditional look. It has modern features though and it's well-equipped with technology. It monitors and self-adjusts the pellet feed and air supply, depending on the location conditions at any given time. Wi-fi and internet control allow remote log-in by a technician. It doesn't require a separate room vent, due to being airtight.

KEY FEATURES

- Airtight stove: no separate room vent required
- Self-regulating: auto-adjusts to chimney & fuel
- Wi-fi/smartphone control & remote diagnostics
- Control by room temperature or power level
- Multiple safety sensors and alarms
- Top flue outlet (not visible)
- Vacuum cleaning system
- Not fully inset, for easy installation
- Eco-silence mode
- Full technical aftersales & maintenance
- 5-year warranty *
- Maintenance contract available

* Subject to a maintenance contract, otherwise standard 2 year warranty applies
